DETAILED ACTION

Claim Objections

1. Claims 4-17 are objected to because of the following informalities:

Claim 4: "the first measuring wheel and the second measuring wheel" do not properly address their antecedent in claim 1, i.e., "at least one measuring wheel". See claim 3 where the first measuring wheel, the second measuring wheel and the intermediate wheel are introduced.

Claim 6: "the measuring wheels" do not properly address their antecedent in claim 1, i.e., "at least one measuring wheel".

Claim 7: "the first measuring wheel" does not properly address its antecedent in claim 1, i.e., "at least one measuring wheel".

Claim 10: Each wheel in "the two measuring wheels, as well as the intermediate wheel" does not properly address its antecedent in claim 1 or claim 7.

Claim 14: "the measurement magnet rings of the measuring wheels" lacks antecedent basis. See claim 3 for introduction of the wheels and claim 4 for introduction of the magnet rings to the wheels.

Allowable Subject Matter

2. Claim 1-3, 13 and 15-17 are allowable.
3. Claims 4-12 and 14 would be allowable if rewritten to overcome the claim objections set forth in this Office Action and to include all of the limitations of the base claim and any intervening claims.
4. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Response to Arguments/Remarks

5. Applicant's arguments/remarks filed February 8, 2007 have been noted.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

Art Unit: 2859

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
